

2/2-way Solenoid Valve with servo diaphragm

- servo-assisted
- 0.5 ... 10 bar¹⁾
- DN 10 mm, DN 13 mm
- PPE/PA body

Type 6228 can be combined with...

Type 2506

Cable plug to DIN EN 175301-803 Form C ²⁾

Type 2507

Cable plug industrial standard Form B

Type 2510

ASI cable plug

The Type 6228 is a servo-assisted 2/2-way solenoid valve with servo-diaphragm. It is particularly suited for neutral media.

Without electrical power, this solenoid valve is closed. Pressure builds up through the servo-diaphragm, which pushes the latter downwards and thereby keeps the valve closed. On switching, the space above the servo-diaphragm will be relieved via the pilot valve.

As a result, the pressure of the medium lifts the servo-diaphragm, and the main valve opens. A minimum differential pressure of 0.5 bar is required for complete opening and closing. The special design and geometry of the internal parts of the valve produce a soft closing function with very low pressure peaks only.

It is very simple to extend the valve radially.

Circuit function A

2/2-way valve, servo-assisted, normally closed, with 2-way pilot valve

Technical data	
Body material	PPE, PA
Body cover	PPE, PA
Valve internal parts	PPS, Ms
Sealing material	NBR, EPDM, FPM
Media	Neutral media that does not attack the materials (e.g. compressed air, water, hydraulic oil, oils, greases without additives)
Medium temperature	
NBR	0 ... +50 °C
EPDM	-10 ... +50 °C
FPM	0 ... +50 °C
Ambient temperature	0 ... +50 °C
Port connection	Threaded ports G 3/8, G 1/2 (see Ordering charts Accessories)
Operating voltage	24 V DC, 24 / 110 / 230 V / 50-60 Hz
Voltage tolerance	±10%
Duty cycle	100 % continuous rating
Electrical connection	<ul style="list-style-type: none"> ▪ Tag connectors sideways ▪ To DIN EN 175301-803 C² for cable plug Type 2506 / 2510 (see Ordering charts Accessories)
Installation	As required, preferably with actuator upright
Mass	130 g (DN 10), 180 g (DN 13)
Protection class	IP65 with cable plug

- All valves in PPE/PA body, without appliance plug and without connector set (see Accessory Ordering charts)
- Other Versions on request.

Accessory ordering charts

Three-part connector set from PPE/PA

	Orifice [mm]	Port connection	Sealing material (O-ring)	Item no.
	10	G 3/8	NBR	142 425
			FPM	142 426
			EPDM	142 427
	13	G 1/2	NBR	142 428
			FPM	142 429
EPDM			142 430	

- You require two connector sets for one valve.
- The connector set is not included in the standard delivery. It must be ordered separately.

Cable plug type 2506 to DIN EN 175301-803 form C*)

	Circuitry	Features	Item no.
	none (standard)	0 - 250 V AC/DC	008 353
	with LED	12 - 24 V AC/DC	008 402
	with LED and varistor	12 - 24 V AC/DC	008 408
	with rectifier, LED and varistor	12 - 24 V AC/DC	008 354

- Supplied with cable plug: flat seal and fixing screw.
- Other versions of cable plug with circuitry to DIN EN 175301-803 Form C*) (see Datasheet Type 2506).

Cable plug type 2507 to DIN 43650 form B (industrial standard)

	Circuitry	Features	Item no.
	none (standard)	2 - 250 V AC/DC	423 845
	with LED	24 V AC/DC	423 849
	with LED and freewheeling diode	12 - 24 V DC	423 851
	with rectifier, LED and varistor	12 - 24 V AC/DC	423 853

- Supplied with cable plug: flat seal and fixing screw.
- Other versions of cable plug with circuitry to DIN 43650 Form B (industrial standard) (see Datasheet Type 2507).

ASI appliance plug Type 2510 according to DIN EN 175301-803 C*)
